Jason SANDEL

CITY COUNCIL ★ DISTRICT 4

LIVING WITHIN OUR MEANS WITHOUT IGNORING OUR NEEDS

That's why I've worked hard to be a good steward of Farmington's finances and resources. I have the business experience of balancing books and making a payroll. And I've worked to be a leader in our community.

As a Councilman, I demanded an end to deficit spending and I've worked for budget restraint while maintaining vital city services — while refusing my Council salary this year. I've never supported a tax increase and I fought against the water and waste water rate hike.

With your help, we'll keep moving forward on these priorities, keeping our city safe, clean and vibrant:

- ✓ **maintaining our commitment to city services including our high quality employees**
- ✓ **major reinvestment in downtown and pursuing growth**
- ✓ **improving services for seniors**
- ✓ **reinvestment in our infrastructure – build the Pinon Hills Bridge and new fire stations**
- ✓ **responsible funding for a new animal shelter**
- ✓ **diversifying our economy and making Farmington a destination**

Election Day March 2, 2010

Paid for by Jason Sandel for City Council. Shauna Roche, Treasurer.
